

Model	Dimension & Weight	Configuration	Capacity
 GPJ-(04)-1 4ways	435*190*85mm 2.6kg	plastic shell stainless steel fastening piece	Max.Capacity single fiber:96cores(12cores tray) single fiber:192cores(24cores tray)
 GPJ-(04)-2 4ways	435*190*120mm 2.8kg	plastic shell valve option for pressure testing stainless steel fastening piece	Max.Capacity single fiber:96cores(12cores tray) single fiber:192cores(24cores tray)
 GPJ-(04)-3 4ways	435*190*120mm 2.6kg	plastic shell stainless steel fastening piece can be upgraded to 288 cores	Max.Capacity single fiber:96cores(12cores tray) single fiber:192cores(24cores tray)
 GPJ-(04)-5 4ways	435*190*80mm 2.3kg	plastic shell stainless steel fastening piece	Max.Capacity single fiber:48cores(12cores tray) single fiber:96cores(24cores tray)
 GPJ-(04)-6 2ways	390*140*75mm 1.5kg	plastic shell stainless steel fastening piece light weight,small size	Max.Capacity single fiber:48cores(12cores tray)
 GPJ-(04)-7 8ways	435*190*170mm 4.70kg	plastic shell stainless steel fastening piece large capacity	Max.Capacity single fiber:144cores(12cores tray) single fiber:288cores(24cores tray)
 GPJ-(05)-1 4ways	485(440)*165*110mm 2.45kg	composite engineering plastic stainless steel fastening piece four sliding insert plates for lock structure suitable for extreme climate	Max.Capacity single fiber:48cores(12cores tray) single fiber:96cores(24cores tray)
